

Rockford Speedway

Bandit Rule Amendments

2019/2020

Breakout Rule: Bandit Cars get a total of 2 breakout time per night. Except feature race. If you breakout during either of the 2 laps in qualifying, you start at the rear of the fast heat and the rear of the feature and not eligible to run the dash. (Because you will not have a qualifying time). If you breakout in either the heat or the feature for the second breakout time you will receive last place points and monies for the nights races and are done racing for the night.

If you do not breakout until the feature, **you get 1 breakout.** If you breakout in the feature you are done racing for the night and will receive last place points and monies.

You do **NOT** get 2 breakout attempts in the feature. If you do not breakout in any other event **you get 1 breakout in the feature.**
