

Rockford Speedway
LM/Sportsman Tire Amendment/Clarification
2019/2020

All tires are considered *NEW* unless tread depth is 4/32” or less. Drivers/Teams may add (practice) ties to their bank. However, you can only add 1 practice tire per week and the tire added will count as your new tire for the week. You can not have more tires in your bank that what is allowed for race schedule. Example: on week 3 your tire bank count should be 7, week 4 should be 8, etc. **This excludes special event races with individual tire rule for that event.**

All cars that start with 4 new tires (after week 2), will start at the rear of the field for their heat and feature race for the night. Any car starting with 4 new tires (after week 2) will NOT be eligible for the dash or the Ultimate Challenge regardless of your qualifying position. Any car that qualifies 1st thru 6th (with 4 new tires), will be removed from the dash and the 7th qualifier will take place in opening ceremonies and the dash. All cars after qualifying (with 4 new tires) will be lined up in their qualifying position, then removed from the line up at which time the rest of the field will Criss Cross and the car with (4new tires) will start at the back of the field in the heat and feature race. In the event someone takes the Ultimate Challenge, the Challenge car will start in front of the car with the 4 new tires.
